

PUBLICATIONS

Best Management Practices and Program Reports

- ◆ A Brief Look at Wastewater Treatment Equipment: Vehicle Service Facilities, Machine Shops, Other Small Shops (1995)
- ◆ *Assessment of the Printing Industry in the RWQCP Service Area* (prepared by Larry Walker Associates and Geoff Brosseau, 1996)
- ◆ Best Management Practices for Cooling Water Systems (1995)
- ◆ *Clean Bay Plan 1999*
- ◆ *Clean Bay Plan 1999 Summary*
- ◆ *Copper Corrosion Reductions Associated with the Addition of a Chemical Corrosion Inhibitor to the City of Palo Alto's Distribution System* (prepared by Kennedy/Jenks Consultants, 1996)
- ◆ *Copper Corrosion Reductions Associated with the Design and Construction Practices of Piping Systems, Heating Systems, Cooling Systems, and Hot Water Circulating Systems* (prepared by Kennedy/Jenks Consultants, 1995)
- ◆ *Copper Loading from Cooling Towers and Potable Hot Water Circulation Systems* (prepared by Kennedy/Jenks Consultants, 1995)
- ◆ Copper Plumbing and the Health of the Bay: Guidelines for Plumbers (1996)
- ◆ Dewatering from Construction Sites and In-Ground Utilities Maintenance Projects (1998)
- ◆ *Diazinon in Urban Areas* (prepared by Ashli Cooper, Stanford University, 1996)
- ◆ *Dioxins Pollution Prevention Plan* (prepared by Larry Walker Associates, 1997)
- ◆ *Dioxins Source Identification* (prepared by EIP Associates, 1997)
- ◆ "Feasibility of Promoting Laundry Graywater Systems in the Palo Alto Regional Water Quality Control Plant Service Area" (technical memorandum prepared by Larry Walker Associates and Geoff Brosseau, 1996)
- ◆ Food Service Facilities: Selecting and Installing a Grease Removal Device (1996)
- ◆ A Healthy Bay—It's Good Business! Good Housekeeping Tips for Small Businesses (1997)
- ◆ It's in the Contract! (But Not In The Bay): Pollution Prevention Specifications For City Construction Contractors And Maintenance Crew Supervisors (1996)
- ◆ Keep Pool/Spa Water Out of Storm Drains, Streets, and Creeks (for businesses, 1994)
- ◆ Laboratories—Best Management Practices for Water Quality Protection (1993)
- ◆ *Linear Polarization Studies and Corrosion Rate Estimates* (prepared by Kennedy/Jenks Consultants, 1996)
- ◆ "Low-Dioxin Impact Personal Hygiene Products" (memorandum prepared by Larry Walker Associates, 1998)
- ◆ Machine Shops and Metal Fabrication Facilities—Pollution Prevention Guidelines (1996)
- ◆ "Mercury in Human Waste," (technical memorandum prepared by EIP Associates, 1998)
- ◆ *Mercury Pollution Prevention Plan* (prepared by Larry Walker Associates, 1997)
- ◆ *Mercury Source Identification* (prepared by EIP Associates, 1997)
- ◆ "Mercury Source Identification Update: Dental Offices and Human Waste," (technical memorandum prepared by EIP Associates, 1999)
- ◆ Never Down the Drain—Pollution Prevention Tips for Dental Offices (prepared by the City and County of San Francisco, 1998)
- ◆ *Organochlorine Pesticides Pollution Prevention Plan* (prepared by Larry Walker Associates, 1997)
- ◆ *Organochlorine Pesticides Source Identification* (prepared by EIP Associates, 1997)
- ◆ *Pollution Prevention Guidelines for Printers* (prepared by Larry Walker Associates and Geoff Brosseau, 1996)
- ◆ Pollution Prevention for Hospitals and Medical Facilities (1995)
- ◆ Pollution Prevention Language for Construction Contracts (1994)

March 1999

- ◆ Pollution Prevention Tips for Pottery Studios (1995)
- ◆ *Polychlorinated Biphenyls (PCBs) Pollution Prevention Plan* (prepared by Larry Walker Associates, 1997)
- ◆ *Polychlorinated Biphenyls (PCBs) Source Identification* (prepared by EIP Associates, 1997)
- ◆ *Reasonable Control Measures for Copper & Nickel Discharges for Circuit Board & Metal Finishing Firms* (prepared by Thomas S. Barron and Chemical Solutions Inc., 1994)
- ◆ “Products and Processes involving Chloranil” (technical memorandum prepared EIP Associates, 1998)
- ◆ *Silver Reduction Pilot Program* (prepared by Montgomery Watson, 1994)
- ◆ *The Regulation and Manufacture of Brake Pads: The Feasibility of Reformulation to Reduce the Copper Load to the San Francisco Bay* (by Catherine Engberg, Stanford University, 1995)
- ◆ *Thinking About Installing Wastewater Treatment Equipment?* (for Vehicle Service Facilities, Machine Shops, and Other Small Facilities, 1995)
- ◆ *Vehicle Service Facility Waste Minimization Program Five Year Summary Report* (prepared by Geoff Brosseau, 1997)
- ◆ *Vehicle Service Facility Waste Minimization Program 1997 Summary Report* (prepared by Geoff Brosseau, 1998)
- ◆ Water Pollution Prevention Practices for Auto Body Shops (1997)
- ◆ Water Pollution Prevention Practices for Printers and Print Shops (1998)
- ◆ Water Quality Protection Guidelines for Food Handling Facilities (1994)
- ◆ *Zinc Source Identification* (prepared EIP Associates, 1998)

Pollution Prevention Outreach Materials

- ◆ Ants! (Utility bill insert, 1997)
- ◆ “The Bay is in the Balance” (Laboratory poster, 1993)
- ◆ Be on the Lookout! (sticker for city vehicles, 1996)
- ◆ Car wash coupons (annual coupon, 1998)
- ◆ Checklist of Laboratory Best Management Practices (1993)
- ◆ Clean It! Safer Household Cleaning Methods that Really Work! (1997)
- ◆ City of Palo Alto Environmental Programs (brochure for apartment and condominium residents, 1998)
- ◆ Clean Bay Business recognition materials (1998)
- ◆ Clean Bay Times (newsletter, 1996-1997)
- ◆ Controlling Ants in Your House (1998)
- ◆ Controlling Aphids in Your Garden (1998)
- ◆ Controlling White Grubs in Your Lawn (1998)
- ◆ Facts About Brake Pads and Pollution Prevention (1994)
- ◆ Flo Needs Your Help! (wallet card, with versions for residents and city staff, 1996)
- ◆ Fund Raiser Car Washes—Let’s Do It Right! (1995)
- ◆ Get the Connection! Between Your Plumbing and Pollution in the Bay (1996)
- ◆ Get to the Root of the Problem (regional root killer brochure, 1994)
- ◆ Grow It! The Less-Toxic Garden. Control Pests & Plant Disease Using Less-Toxic Methods (1997)
- ◆ Home Maintenance Tips for a Cleaner Bay (1995)
- ◆ Info-cards (Clean Bay Business, painters, spent fix, carpet cleaners, 1992)
- ◆ “Its up to us! Help keep pollution out of storm drains!” (school workbook, 1997)
- ◆ Keep Your Pool, Spa, or Fountain Copper Free (for residents, 1994)
- ◆ Keeping Cockroaches Out of Your House (1999)
- ◆ Keeping Fleas Off Your Pets and Out of Your Yard (1998)
- ◆ Keeping it all in Tune: Car Repair and Pollution Prevention (1995, in Spanish, 1996)
- ◆ The Less-Toxic Home and Garden (booklet, 1998)
- ◆ Living with Spiders the Helpful Hunters (1999)

- ◆ Money for Mercury For the Health of the Bay (flyer and discount coupons, 1998)
- ◆ Money for Mercury—Mercury is polluting the Bay (utility bill insert, 1998)
- ◆ Mercury: Still a Problem in the Bay (utility bill insert, 1999)
- ◆ Monthly Hazardous Waste Drop-Off Program for Small Businesses (1993)
- ◆ Naturally Managing Pests with a Healthy Garden (1999)
- ◆ Pollution Prevention Plan Sheet (blueprint sheet with construction BMPs, 1997)
- ◆ Pollution Prevention Tips for Carpet Cleaners (regional flyer, 1995)
- ◆ “Protect Our Creeks and Bay” buttons (Flo button, 1992)
- ◆ “Protect Our Creeks and Bay” pogs and magnets (1995) pencils (1996)
- ◆ Read the Label! (utility bill insert, 1995)
- ◆ Regional Water Quality Control Plant (tour brochure with diagram, 1997)
- ◆ “Report Storm Drain Pollution” (Flo magnet, 1997)
- ◆ Right From the Start—Water Pollution Prevention During Construction (folder for assorted materials, 1997)
- ◆ Safe Use and Disposal of Pesticides (1999)
- ◆ Santa Clara Basin Watershed Management Initiative Fact Sheet (prepared by the Watershed Management Initiative, 1998)
- ◆ Sawcut Slurry: Keep it away from catch basins! (flyer, 1997)
- ◆ Selenium Toners (flyer, 1993)
- ◆ Silver Lining (Newsletter, most recent edition—July 1996)
- ◆ Spare the Air! Protect the Bay! (bus-shaped magnet, 1996)
- ◆ Spent Fixer (flyer, 1992)
- ◆ A storm drain dumping violation has been reported in your neighborhood (door hanger, 1995)
- ◆ Storm Drain Pollution is Illegal in Palo Alto! (wallet card in English and Spanish, 1996)
- ◆ Surface Cleaning—Do the Job Right! (regional flyer for businesses hiring mobile cleaners, 1996)
- ◆ Tips for a Healthy Beautiful Lawn (1999)
- ◆ Water Science: Its Elementary (school programs brochure, 1998)
- ◆ “What goes into the storm drains goes right to our creeks and Bay!” (postcard, 1997)
- ◆ Where does it go? (school book cover, 1998)
- ◆ Where Does the Water Go? (regional flyer for mobile cleaning operations, 1995)

Fact Sheets (describe program design and implementation)

- ◆ Auto Parts Stores Clean Bay Business Program (1998)
- ◆ Brake Pad Partnership (1999)
- ◆ Car Wash Coupon Program (1998)
- ◆ Construction Site Storm Water Pollution Prevention (1998)
- ◆ Control Program for Copper-Based Root Eradicators (1999)
- ◆ Cooling Water Systems Source Control Program (1999)
- ◆ Copper Dumping Incident Affects RWQCP Discharge for More Than a Month (1995)
- ◆ Copper Piping Corrosion: A Problem for San Francisco Bay (1997)
- ◆ The Copper Problem (1998)
- ◆ Copper Removal by the Regional Water Quality Control Plant (1997)
- ◆ Cyanide Incident (1997)
- ◆ Diazinon (1996)
- ◆ Dry Cleaners (1995)
- ◆ Emily Renzel Wetlands Site Update (1995)
- ◆ Examples of Program Activities (1997)
- ◆ Food Handling Facilities (1998)
- ◆ Grease Removal Device (GRD) Requirement for Food Service Facilities (1998)
- ◆ Groundwater (1999)

- ◆ Help Save the Bay . . . Keep Pollution Away (1996)
- ◆ Home Darkroom Users (1996)
- ◆ Hospital/Medical Facility Source Control Program (1999)
- ◆ Industrial Pollution Prevention (1995)
- ◆ Industrial Waste Enforcement (1999)
- ◆ IPM Partnership at Palo Alto Hardware (1998)
- ◆ Laboratory Facilities Source Control Program (1999)
- ◆ Machine Shop and Metal Fabrication Facilities Source Control Program (1999)
- ◆ Mercury Thermometer Source Control Program (1999)
- ◆ Metal Plating Shop Achieves Zero Discharge (1996)
- ◆ Palo Alto Regional Water Quality Control Plant Water Pollution Prevention Program (1998)
- ◆ Photoprocessing/X-Ray Source Control Program (1998)
- ◆ Pollution Prevention and Wastewater Recycling at Watkins-Johnson Company Building 1 (1996)
- ◆ Pollution Prevention and Wastewater Treatment at Communications & Power Industries, Inc. (1996)
- ◆ Pollution Prevention at Metal Finishers (1998)
- ◆ Pollution Prevention at Specific Plating Company (1996)
- ◆ Pollution Prevention Contract Language for Construction Projects (1995)
- ◆ Pollution Prevention Demonstration Project at Davila International Circuits Inc. (1996)
- ◆ Pollution Prevention Demonstration Project at Technitron Inc. (1996)
- ◆ Pollution Prevention Review: Davila International Circuits, Inc. (1994)
- ◆ Pollution Prevention Review: Electrite Company Inc. (1994)
- ◆ Pollution Prevention Review: Martex Circuits, Inc. (1994)
- ◆ Pollution Prevention Review: Specific Plating Company (1994)
- ◆ Pollution Prevention Review: Symtron Corporation (1994)
- ◆ Pollution Prevention Review: Technitron, Inc. (1994)
- ◆ Pollution Prevention Reviews: Exploring Potential Copper and Nickel Discharge Reductions from Six Facilities (1994)
- ◆ Pollution Prevention Week Workshop Successful Pollution Prevention in the Metal Finishing Industry (1996)
- ◆ Pools, Spas, and Fountains Pollution Prevention Program (1996)
- ◆ Pottery and Arts Facilities Source Control Program (1997)
- ◆ Public Participation/Community Education (1996)
- ◆ Publications (1998)
- ◆ Reclaimed Water Available for Landscaping (1996)
- ◆ Reclaimed Water Use (1995)
- ◆ School Outreach Programs (1999)
- ◆ Selenium Toner Source Control Program (1994)
- ◆ Sewer Fees for Toxics (1994)
- ◆ Sewer Science (1999)
- ◆ 1995 Sewer Use Ordinance Revisions (1997)
- ◆ Summary of RWQCP Copper Reduction Measures
- ◆ Swimming Pool and Spa Water—Not for Storm Drains! (1996)
- ◆ Urban Pesticide Restrictions for Water Quality Protection (1997)
- ◆ Vehicle Service Facility Source Control Program (1999)
- ◆ Volunteers Stencil Storm Drains (1997)
- ◆ Wastewater Recycling and Treatment at Space Systems/Loral (1996)
- ◆ Wastewater Recycling at Watkins-Johnson Company Building 5 (1996)
- ◆ Wastewater Recycling at Ramlor, Inc. (1996)
- ◆ Wastewater Treatment at Martex Circuits Incorporated (1996)
- ◆ Zinc in Floor Wax Found to Cause Wastewater Discharge Violations (1996)
