Annual Review of Municipal Fees

A fee is a charge imposed on an individual or business for a service that the individual or business chooses to receive. A fee may not exceed the estimated reasonable cost of providing the particular service or facility for which the fee is charged, plus overhead. Examples of City fees include building permits, recreation classes, and development impact fees.

As part of the annual budget process, the City's Municipal Fees are reviewed to ensure that fees are set in accordance with applicable federal and state laws, in addition to the City of Palo Alto User Fee Cost Recovery Level Policy (City Council approval: May 2015) and the Community Service Department Class Cost Recovery Policy (City Council approval: November 2007). City departments review their fees for services and make recommendations to Office of Management and Budget (OMB) to add new fees, delete existing fees, and make changes to existing fees. In coordination with departments, OMB staff review amendments to the Municipal Fee Schedule to ensure that fees are consistent with applicable policies and procedures. Amendments to the Municipal Fee Schedule are submitted to the Finance Committee for review and discussion during the annual budget process.

Amendments to the Fiscal Year 2017 Municipal Fee Schedule were reviewed by the Finance Committee on May 18, 2017. The Fiscal Year 2018 Municipal Fee Schedule was adopted by the City Council on June 27, 2017.

Cost Recovery

Propositions 13, 218 and 26 have placed both substantive and procedural limits on cities' ability to impose fees and charges. Collectively these constitutional amendments provide safeguards against taxes being imposed without a vote of the people. Proposition 26 contains a more general articulation of the cost of service principle and includes a requirement that the local government bear the burden of proof that "a levy, charge, or other exaction is not a tax, that the amount is no more than necessary to recover the reasonable costs of the government activity, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the payor's burden on, or benefits received from, the governmental activity." California Constitution, Article XIII C, § (e)

Understanding the Municipal Fee Schedule

The Municipal Fee Schedule provides a detailed listing of fees by department. Fees that are not specific to a particular department are found in the Citywide section. In each department section, fees are broadly divided by service area or division. In each section table, fees are further grouped by activity or service and in alphabetical order. Each fee is listed along with the City Council adopted rate for the current fiscal year. Certain fees have multiple rates based upon residency, non-profit status, or regular/overtime rates. These tiered fees are listed where appropriate. The Municipal Fee Schedule does not include fees for the Palo Alto Airport, nor does it include the fees for Water, Wastewater Collection, Electric, Fiber, Gas, Storm, and Refuse rates. For more information regarding these rates, please visit the City of Palo Alto website at www.cityofpaloalto.org.

Class III – Individuals, Groups, Organizations, and Businesses not charging fees: Basic rental fees apply.

Class IV – Business or Commercial Use: Individuals, groups, organizations, and businesses charging, collecting, or raising funds may rent facilities and equipment at the basic rate plus 75%. The Art Center is not available for CLASS IV usage.

Spanish explorers named the area for the tall, twin-trunked redwood tree they camped beneath in 1769. Palo Alto incorporated in 1894 and the State of California granted its first charter in 1909. The City has long been known for its innovative people and its exploration of ideas that have changed the world. In Palo Alto, our history has always been about the future.
