

SUMMER'S OVER. CLOUDS ARE ARRIVING. NOW IS THE TIME TO START DIALING BACK ON YOUR WATERING.

With the cooler fall weather, lawns and plants need less water than the hot summer months.

Start the season right with some easy water-saving tips:

Reset your landscape irrigation timer to water once a week.

Get a free irrigation system check-up through the Commercial Landscape Survey program.

Upgrade to smart weather-based irrigation controllers.

Convert decorative turf to beautiful drought-tolerant plants and get a rebate of up to \$120,000.
