

NO BUTTS!

PALO ALTO'S PUBLIC SMOKING ORDINANCE MAKES MOST PUBLIC SPACES SMOKE-FREE

NO
SMOKING
OR VAPING

Smoking is not only a public health issue—it's also an environmental issue.

Cigarette butts are a top source of litter in our creeks and streets and seep toxic chemicals into waterways.

Smoking (including vape & marijuana products) is prohibited in:

- **PUBLIC SPACES** including indoor and outdoor dining areas, entryways, public events, recreation areas, service areas, commercial areas (e.g. University Ave and California Ave).
- **OUTDOOR SERVICE AREAS** (e.g. bus stops, ATMs, and ticket lines), places of employment, construction worksites, all City of Palo Alto facilities, parks, golf courses and open spaces.
- **25 FEET FROM** any doorway, window, opening, crack, or vent into an enclosed area.
- **APARTMENT BUILDINGS AND CONDOMINIUMS** with two or more units and common areas. Apartment complexes, condominiums and businesses can designate smoking areas if they are at least 25 feet away from any windows or doors and when cigarette disposal receptacles are provided to control litter.
